

1 amendment, Mr. Chairman.

2 THE CHAIRMAN: Is there any further discussion?

3 Are you ready for the question.

4 Delegate Della.

5 DELEGATE DELLA: Mr. Chairman, this is the pre-  
6 sent procedure. When a bill is brought over from another  
7 chamber, amendments are attached to the bill, and the bill  
8 is stamped as being amended.

9 Under the proposal as stated in LB-2, you might  
10 get the impression that bill would have to go back to the  
11 printer and be printed before it was returned to the house  
12 of origin. This would permit the bill to be returned as  
13 long as the amendments are printed and attached to the bill  
14 and it would expedite the legislative procedure, and I  
15 think it is very necessary that this amendment be attached  
16 to the proposal.

17 THE CHAIRMAN: Delegate Della, you used a word  
18 I think inadvertently. You said as long as the amendments  
19 are printed. You mean as long as they are written regard-  
20 less of whether they are printed.

21 DELEGATE DELLA: Written, yes.
